

REMARKS

Claims 1-4, 6-10, 12-22, 24-77 are currently pending in the subject application and are presently under consideration. Claims 20, 23, 27, 40, 48, 51, 62, and 65 have been amended herein. Claims 71-77 have been newly added.

Applicants' undersigned representative thanks the Examiner for the courtesies extended during the telephone conversation of May 10, 2007 where distinctions of the claimed invention (*e.g.* determining cognitive capability of the user) were discussed over the primary reference Carpenter *et al.*

This Supplemental Amendment emphasizes various novel features of applicants' claimed invention as noted in the Response filed on May 11, 2007. In particular, the cited art does not teach or suggest determining cognitive capabilities, cognitive availability, or cognitive load of a user in connection with selecting an appropriate user interface.

The present application is believed to be in condition for allowance in view of the above comments and amendments. A prompt action to such end is earnestly solicited.

In the event any fees are due in connection with this document, the Commissioner is authorized to charge those fees to Deposit Account No. 50-1063 [MSFTP1895US].

Should the Examiner believe a telephone interview would be helpful to expedite favorable prosecution, the Examiner is invited to contact applicants' undersigned representative at the telephone number below.

Respectfully submitted,
